All the funds that have entered the world stage with the slogan of helping the people of Ukraine are organized by those who no longer live in Ukraine or have fled. Ordinary people from those funds receive NOTHING!

         All the funds that have entered the world stage with the slogan of helping the people of Ukraine are organized by those who no longer live in Ukraine or have fled. Ordinary people from those funds receive NOTHING!

      I hope you can reach out to your fellow Iowans and explain why this affects them. And how the Ukrainian people want what everyone wants, peace and safety. Take care of your wife. Those Ukrainian women are tough, and will hide much from even you.

The minute we allow the war in Ukraine to become background noise we lose. We must have the nerve to continue to stare pain down the barrel and envelop it with love. Our compassion has power. Don't look away.

   Nano (also others including Stellar and IOTA) can't do general purpose computing because there is no shared sequence of transactions. This prevents smart contracts such as Uniswap for reasons such as not being able to determine the sequence of trades.

We are overwhelmed with gratitude for your support. 2 weeks ago, we asked you to join us and more than 65,000 of you stepped up and donated what you could. Now, with your help we have reached our $30 million goal. (1/5) pic.twitter.com/zQfQ1BNWZm

We will do everything we can to ensure that the outpouring of love that came as a part of this campaign finds maximum impact with those in need. Funds have already and will continue to be delivered to http://Flexport.org and http://Airbnb.org so they can act now. (3/5)

Before there are a bunch of rumors/ chatter/ whatever out there. Yes, I had a rare vasculitis episode 3yrs ago. (Autoimmune flair up) I had some impairments hear, vision, balance issues right after. I fully recovered. All good. Moving on. See you at the 2022 NY Marathon w/Thorn

Before there are a bunch of rumors/ chatter/ whatever out there. Yes, I had a rare vasculitis episode 3yrs ago. (Autoimmune flair up) I had some impairments hear, vision, balance issues right after. I fully recovered. All good. Moving on. See you at the 2022 NY Marathon w/Thorn

Well, I'm rooting for you. Recently had my bout with CV-19 (sorry, the Media Gods won't let you say the actual virus), and survived. Strangely, didn't have the symptoms as severe, but had support of my friends. Anyway, all systems go!

Smashing! Have you seen my initiative?

Hello,
My name is Jaswinder Brar, and I am a Business Student at the University of Calgary, in Alberta, Canada.
I am also an avid Inventor and Entrepreneur.
I have invented a new cardboard product for impoverished children's education.
The invention is "**Cardboard Mathematics Geometry Set Pieces:**"
I have used Geometry Sets in my own elementary and secondary education and I understand the importance this has for learning.
This solution is very cost-effective compared to plastic competition, made from 100% recycled cardboard.
I have just started this project and I am unable to find any similar product/endeavour in my research.
I am seeking your partnership in developing this venture to help educate impoverished children globally.
I understand that this product is aligned with your current admirable initiatives and I would love an opportunity to help with your inspiring works.
Please get back to me with a response regarding the viability of your participation in this new proposal as together we can make a big positive impact on impoverished children's education.
Thank you.
Jaswinder Brar.
Calgary, Alberta, Canada.

The White House announcement on immigration admits more refugees- IF they can find sponsors. As the son of a refugee myself, I know that's transformational. My holiday giving guide recommends volunteering with @welcomeUS to sponsor refugees. More info at KristofImpact.org !

As a kid boyscouts helped shape the persona I am today. I am proud of the shifts that the "scouts" are making. Trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean, reverent, and Inclusive! Bravo!!!

There is not one thing I learned as a scout that would have been diminished by inclusion of all. In fact one of the best experiences I had as a scout what when we were lead by a woman ranger while hiking Philmont New Mexico

I believe in privacy - including for kids whose sexual abuse is documented and spread online without consent. These efforts announced by @Apple are a major step forward in the fight to eliminate CSAM from the internet.

> **Thorn** @thorn Aug 5, 2021

Privacy has tradeoffs. AI rights can be abused. If you think a company should be scanning *everyone's* phones and computers, you don't believe in privacy. It's like saying you believe in freedom of religion as long as you can be sure the person is practicing a good religion

The absolute failure of FOSTA isn't private. How about instead of continuing to harm marginalized sex workers with your platform and £ you actually try to do some good?

Although K.K messenger is still available on the AppStore and is a massive source of CSAM related material especially since MediaLab took over and stopped moderating (which is against Apple guidelines) If @Apple and @tim_cook where really for online safety that app needs to go

We're auditing ourselves. We followed the industry standards and haven't found any glitches. But, we believe we should hold ourselves to higher standards. We learned a lot and are going to write it all up and share it.

There have been many good ones proposed

I did grow up hunting. I have no intention to ban all fire arms. I think there is a huge unaddressed mental health issue and a huge unaddressed gun issue. Solutions to the issues aren't simple but are necessary.

This is like saying "plane crashes happen so why have fAa oversight" no law will irradiate anomalies but we are no longer witnessing anomalies. This is a clear cut patterned behavior.

Trumps speech , trying to turn it away from the guns . it's simple you have guns , you get this . In the UK how many mass shootings we had in a school in the last year ?

To someone who is looking to kill , your statement doesn't reconcile with them. They are looking to kill. Simple as that. They will do it with whatever means necessary.
